

INFINITY ROOFING & BUILDING SOLUTIONS

ENVIRONMENTAL POLICY STATEMENT

Infinity Roofing & Building Solutions is a Roofing & Cladding construction contractor operating in the United Kingdom.

We are committed to maintaining high standards throughout our operations, with particular regard to minimising the adverse environmental impacts of all company operations, through reduction and control of waste, reusing and recycling materials, prevention of pollution, protection of local environmentally sensitive locations, conserving natural resources and minimising energy consumption.

Specifically we are committed to:

- Complying with relevant environmental legislation, corporate and other requirements to which we subscribe, e.g. client environmental requirements.
- Establishing annual environmental objectives and targets according to the nature of our activities, business and other legal requirements, to ensure continuous improvement in both our environmental management systems and our performance;
- Establishing additional project / contract specific objectives and targets;
- Wherever possible influencing project design by offering solutions to reduce environmental impact;
- Considering sustainable and/or recycled products during material selection and procurement for a project wherever we have an influence;
- Developing site-specific environmental management plans to mitigate adverse environmental impacts such as noise, dust, odour, waste and emergency situations, and taking into consideration local community concerns and the control of hazardous substances;
- Working with our suppliers and sub-contractors to improve both parties' environmental performance; and
- Providing appropriate Environmental information and guidance to employees and others working on behalf of Infinity Roofing & Building Solutions Ltd and ensuring our Environmental Policy and Practice is accessible to interested parties via the Infinity website.

Paul Carrigher

A handwritten signature in black ink, appearing to read 'Paul Carrigher', is written over a white background.
